THE UNIQUE “LIGHT” WEIGHT, COOL RUNNING ASSI FIBER OPTIC LED LIGHT SOURCE

Benefit from the latest LED-Technology - the new ASSI light source combines operating efficiency with the highest demands on long-life performance. The 25W high intensive LED is comparable with a 100Watt Xenon Lamp and produces a true-color bright light.

Features:
• Runs Cool, No Heat generated by the LED Bulb
• A completely variable Rheostat controls Brightness
• LED true-color light source with 5,800°K light temperature
• 25W high intensity LED technology – equivalent to 100Watt Xenon light source
• Up to 50,000h lamp life
• Multi Port Light Cable Connector - Olympus, Storz, Wolf, ACMI
• World-wide power supply with active cooling
• 1.5 kg (3.3 lbs.) light weight design
**FIBER OPTIC HEADLIGHTS**

- Continuous fiber bundle with a diameter of 3.5mm produces a small and bright spot light
- Size and the direction of the spot light are adjustable
- The ergonomic headband with cross band can be adjusted easily with the use of only one hand
- The headband can be worn for several hours due to its ergonomic design and fit

*Note:* The headlight is not supplied with any adapter pieces necessary to connect it to the ASSI.FOLS25126 light source. Please refer to the adapters shown on page 3 and include with your order of Fiber Optic Headlights.

**ASSI.FOHL22326**
Fiber Optic Headlight w/Cable, 3.5mm dia. F/O Cable, Dbl. Lens System Adjustable Cushioned Headband

**ASSI.FOHL22826**
LED Battery Headlight 3 Watt with Li-ion Battery, Headband w/Stepless Regulation Wheel, Transformer and Charger

**ASSI.FOHL22626**
LED Headlight with Li-Ion battery, Headband w/Stepless Regulation Wheel, including 3 Watt charger

270 x 220mm (10 1/2 x 8 1/2) platform, with
hook for headlight, with 5 wheels
CABLES AND ADAPTERS

Universal Fiber Optic Cables

Our universal cables allow you to choose the appropriate end-fitting adapters to match your light source and illuminated instrument end. The cables are reinforced with strain reliefs for maximum durability.

- ASSI.FOAE164 Adapter for ACMI
- ASSI.FOAE165 Adapter for Storz/Olympus Type

Fiber Optic Headlight to Source

- ASSI.FOAH1280 Adapter for Fiber Optic Headlight, Storz type
ENDOSCOPES
FOR PLASTIC SURGERY

- Ideal for procedures such as Face Lifts, Forehead Lifts, Breast Augmentation and Abdominoplasty
- High quality German optics
- Superior visualization in smaller pockets (4 & 5mm scope) as well as in larger pockets (10mm scope)
- The 30° lens angle allows for rotation of the scope, increasing the field of vision without repositioning the scope
